

CAMO Service

You've an own aircraft. You've searched for a perfect optimal solution monitoring your aircraft. It should be reliable, professional, trustworthy and with experience. Now it's time to decide who should successfully support you in this business.

Heron Aviation has not only its own CAMO to support the AOC (CAMO DE.MG.296-AOC), we are also approved as CAMO for the Cayman Islands and the Isle of Man registered aircraft. Heron Aviation will be happy to establish support to other aircraft, too.

Heron Aviation has qualified CAMO (Continuing Airworthiness Management Organisation) employees to assist you in the following points:

- ✦ Monitoring of the aircraft according to the guidelines of EASA Part M
- ✦ National training standards and their supervision
- ✦ Storage and care of the aircraft documents
- ✦ Conducting audits on aircraft
- ✦ Conduct supplier audits
- ✦ Creation of a maintenance program
- ✦ Creation of a logbook
- ✦ Care of the maintenance monitoring program for example CAMP
- ✦ Maintenance Monitoring
- ✦ Invoice auditing
- ✦ Support for „unplannable“ interference
- ✦ Support for purchase of spare parts to keep costs down
